

Microsoft Dynamics 365 for Finance and Supply Chain

Microsoft Dynamics 365 for Finance and Supply Chain is a comprehensive ERP suite for mid - large organisations which is deployed in the cloud (Azure). Microsoft Dynamics 365 is a highly scalable solution providing multi-site, multi-currency and regional localisation built on the Microsoft power platform which promotes productivity and collaboration and allows organisations scale with the solution as it delivers value faster and drives innovation across the organisation. Strong focus on new capability around IoT, mixed reality, and AI together to improve visibility across your global operations and act on predictive insights that increase supply chain and manufacturing productivity.
